Exam Structure: Paper 2 Period Study = 3 Questions, 28 Marks Total, Exactly 50 Minutes.

Golden Rule: Write in clear paragraphs; always link your facts to the question asked.

THE THREE QUESTION TYPES • WHAT THE EXAMINER WANTS

TOTAL TIME: 50 MINUTES

Q1: ONE CONSEQUENCE (4 MARKS • 6 MINS)

- **Question:** "Explain one consequence of [an event]..."
- **What to write:** Write ONE clear paragraph.
- **Formula:** State the consequence clearly in sentence 1. Then give 2 detailed facts. Finish by explaining what happened because of it.
- **Important:** Do NOT write an introduction, conclusion, or a second consequence! You only get marks for ONE.

Q2: NARRATIVE ACCOUNT (8 MARKS • 14 MINS)

- **Question:** "Write a narrative account analysing..."
- **What to write:** Tell the historical story in 3 paragraphs: Beginning → Turning Point → Outcome.
- **Formula:** Link every paragraph using connecting words like *As a result*, *Because of this*, or *This led to*.
- **Important:** You get 2 bullet points on the exam paper. You MUST also include facts from your own knowledge!

Q3: IMPORTANCE OF TWO (16 MARKS • 24 MINS)

- **Question:** "Explain the importance of TWO of the following..."
- **Choice:** Choose strictly **TWO out of three** options (8 marks each). Never attempt all three!
- **Structure:** Write 2 paragraphs for each option you choose.
- **Para 1:** What was the immediate impact of the event?
- **Para 2:** What was the long-term impact on peace or conflict?

FOUR GOLDEN RULES FOR SUCCESS

- 1. Use Specific Facts:** Always include real names, dates, and numbers (e.g. *UN Resolution 242*, *King David Hotel*, *700,000 refugees*).

3. Explain the Impact: In Question 3, don't just describe the story; explain *why* it made a big difference to peace or war.
- 2. Use Linking Words:** In Question 2, show *how* one event caused the next (e.g. *This directly caused*, *Consequently*).

4. Watch the Clock: Spend exactly 6 minutes on Q1, 14 minutes on Q2, and 24 minutes on Q3. Stop at 50 minutes!

★ MODEL ANSWERS (WAGOLL): CLEAR EXAMPLES OF TOP-MARK ANSWERS

SEE HOW TO STRUCTURE YOUR WRITING

Q1 Model: Consequence of the 1948 War [4 Marks]

"One consequence of the 1948–49 Arab-Israeli War was the creation of a massive Palestinian refugee crisis. During the fighting, over 700,000 Palestinian Arabs fled or were forced out of their homes in what became known as Al-Nakba. Israel refused to let them return after the war because it wanted to protect its Jewish majority. As a result, hundreds of thousands of Palestinians were forced to live in permanent refugee camps in Gaza, the West Bank, and Jordan, run by the UN agency UNRWA."

Q2 Model: Events Leading to the 1956 Suez Crisis [8 Marks]

"The crisis began in July 1956 when President Nasser of Egypt nationalised the Suez Canal after the USA cancelled loans to build the Aswan Dam. Because the canal was owned by Britain and France, both countries were furious and wanted to regain control. As a result, Britain and France held secret talks with Israel at Sèvres in October 1956, agreeing that Israel would invade Egypt so Britain and France could step in to 'protect' the canal. The turning point came when US President Eisenhower threatened to cut off financial loans to Britain. Consequently, Britain and France were forced into a humiliating retreat, leaving Nasser with the canal."

Why this scores 4/4: States the consequence in line 1 • Gives exact facts (700,000, Al-Nakba, UNRWA) • Explains the result clearly.

Why this scores 8/8: Tells the story in clear chronological order • Uses linking words in every step • Includes own knowledge (Aswan Dam, Sèvres).

⚠ COMMON MISTAKES TO AVOID ON EXAM DAY

- **Don't write two consequences for Q1:** Examiners only mark your FIRST consequence. Writing a second wastes time.
- **Don't answer all three options in Q3:** You only get marks for TWO. Answering all three wastes 12 minutes!
- **Don't just write a list of events in Q2:** Always explain *why* one event caused the next event to happen.

FOUR BIG THEMES TO REMEMBER (1945–1995)

ESSENTIAL IDEAS FOR YOUR EXAM

1. The Superpowers (USA & USSR)

The Cold War shaped the Middle East. The USA gave money and weapons to Israel. The Soviet Union armed Egypt and Syria. In 1973, US weapons saved Israel. When the USSR collapsed in 1991, the USA became the sole peace broker.

2. The Palestinian People

In 1948, 700,000 Palestinians became refugees. In 1964, the PLO was formed to fight for their homeland. In the 1970s, militant groups turned to plane hijackings. In 1987, the First Intifada showed their determination, leading to the Oslo Accords.

3. The Arab-Israeli Wars

Four major wars were fought: 1948 (survival), 1956 (Suez), 1967 (Six-Day War / territories captured), and 1973 (Yom Kippur). The 1973 war broke the myth of Israeli invincibility and proved that a military stalemate could only be solved by talks.

4. The Search for Peace

Peace was achieved step-by-step: Kissinger's shuttle diplomacy (1974–75), Camp David and peace with Egypt (1979), peace with Jordan (1994), and the Oslo Accords (1993–95). However, extremist violence repeatedly threatened progress.

💡 EXAMINER TIP: THE BIG PICTURE ACROSS 50 YEARS

Notice how the conflict changed: from 1948 to 1973, it was a war between **countries** (Israel vs Arab states). After 1973, Arab states began making peace (Egypt in 1979, Jordan in 1994), and the focus shifted directly to the **Palestinians** fighting for self-determination in the West Bank and Gaza.

1. THE LAND SPLIT (55% VS 44%)

- **Jewish State (55%):** Given to ~500,000 Jews and ~400,000 Arabs. Included the fertile coastal plain and the large Negev desert.
- **Arab State (44%):** Given to ~725,000 Arabs and ~10,000 Jews. Included the hilly areas of Judea, Samaria, and Western Galilee.
- **Population Difference:** Arabs were two-thirds of the population, but were allocated less than half of the land.

3. THE PROBLEM WITH THE BORDERS

- **Divided into Pieces:** Both states were broken into 3 separate pieces that only touched at tiny crossroads, making defence very difficult.
- **Jerusalem:** Placed under international control (run by the UN) so neither Jews nor Arabs owned the holy city.
- **British Withdrawal:** Britain refused to help carry out the plan, leaving in May 1948 without keeping order.

2. CONFLICTING REACTIONS

- **Jewish Leaders (Ben-Gurion):** Accepted the plan because it gave international legal recognition to a Jewish state.
- **Arab Leaders:** Completely rejected the plan, arguing that Britain and the UN had no right to give away Arab land without consent.
- **The UN Vote:** Passed on 29 November 1947 with 33 votes in favour, 13 against, and 10 abstentions (including Britain).

4. IMMEDIATE RESULT (EXAM LINK)

- **Civil War Begins:** Fighting between Arabs and Jews broke out the very next day (30 November 1947).
- **Deir Yassin & Panic:** In April 1948, Jewish fighters attacked the village of Deir Yassin, causing panic and mass civilian flight.
- **Leads to 1948 War:** When Britain left on 14 May 1948, Israel declared independence and five Arab armies invaded.

1. THE FIVE ARAB INVASIONS (15 MAY 1948)

- **Egypt (11,000 soldiers):** Advanced through Gaza along the coast towards Tel Aviv; halted 35km away by Israeli defences.
- **Jordan (Arab Legion):** Well-trained by British officers; captured the Old City of Jerusalem and the West Bank.
- **Syria, Iraq & Lebanon:** Attacked from the north and east; Syrian troops were stopped in heavy fighting around Galilee.

2. THE CRUCIAL JUNE TRUCE

- **Four-Week Ceasefire (11 June):** ** The UN arranged a temporary truce; both sides were banned from importing weapons.
- **Czech Arms Import:** ** Israel secretly bought rifles, machine guns, and fighter planes from Czechoslovakia, giving it superior firepower.
- **IDF Reorganisation:** ** Ben-Gurion united separate underground groups into one disciplined Israeli Defence Force (IDF).

3. THE 1949 GREEN LINE BORDERS

- **Israel Expands:** ** Israel won the war and took **79% of the land** (far more than the 55% given by the UN plan).
- **Jordan & Egypt:** ** Jordan kept the West Bank and East Jerusalem; Egypt kept the Gaza Strip.
- **No Palestinian State:** ** Palestine was completely wiped off the map, divided between Israel, Jordan, and Egypt.

4. THE REFUGEE CRISIS (AL-NAKBA)

- **700,000 Flee:** ** Over **700,000 Palestinian Arabs** lost their homes and land, fleeing to neighbouring Arab countries.
- **UNRWA Camps:** ** Refugees lived in crowded tent camps, dependent on food rations from the United Nations.
- **Ongoing Conflict:** ** Arab states refused to recognise Israel, and displaced Palestinians began cross-border fedayeen raids.

3. THE 1939 WHITE PAPER

IMMIGRATION LIMITS ANGER BOTH SIDES

- **Jewish Reaction:** Jews were furious because the policy trapped millions in Europe just as the Holocaust was beginning.
- **Arab Reaction:** Arabs were also unhappy because the White Paper did not grant them immediate independence.

- Rising Hatred: Arab radio stations broadcast aggressive speeches promising to drive Israel into the sea and destroy the Jewish state.
