⚠ TOP 3 FATAL EXAMINER TRAPS FOR KEY TOPIC 1

• Partition (1947) vs Armistice (1949):
Do not confuse the 1947 UN Partition Plan (Res 181, which allocated 55% of Palestine to a Jewish state) with the 1949 Armistice Green Line (which enclosed 79% following the 1948–49 War). Res 181 was never implemented as Arab leaders rejected it.

• The Turning Point of the 1948–49 War:
The decisive turning point of the 1948–49 War was NOT superior Israeli numbers at the outbreak, but the 4-week UN truce in June 1948. This allowed Israel to import Czech Avia S-199 fighters and rifles, while David Ben-Gurion unified all militias into the IDF.

• Suez 1956: Military Victory vs Political Defeat:
Britain and France achieved tactical military victory in capturing Port Said in November 1956, but suffered a catastrophic political defeat when US President Eisenhower threatened financial sanctions, forcing an immediate withdrawal and elevating Nasser into a Pan-Arab hero.

• The 1967 vs 1973 Territorial Shift: Israel conquered the Occupied Territories (Sinai, Gaza Strip, West Bank, East Jerusalem, Golan Heights) in the 1967 Six Day War, NOT in 1973. In 1973, borders remained essentially unchanged following the UN ceasefire.

• The Wording of UN Resolution 242: In UN Resolution 242 (1967), the English text intentionally called for Israeli withdrawal from "territories occupied" rather than "THE territories occupied". This deliberate ambiguity allowed Israel to claim it was not required to surrender all land.

• Israeli Intelligence and "The Conception": The catastrophic surprise of the 1973 Yom Kippur War was rooted in "The Conception" (Aman hubris) — the false Israeli assumption that Egypt would never attack without long-range strike aircraft capable of neutralizing Israeli airfields.
