

The History Department

YEAR 11 SCHEME OF WORK (2026-2027)

Curriculum Planning & Lesson Companion

Key Stage 4 Curriculum Architecture & Edexcel GCSE Specification

Pearson Edexcel GCSE (9–1) History Specification (1H10)

The History Portal delivers a balanced 4-unit curriculum covering thematic development, British depth, period conflict, and modern world history:

Exam Paper & Topic	Assessment Focus	Weighting	Format & Marks	Taught Cohort
Paper 1 (1H10/11): Medicine in Britain (c.1250–present) & Western Front (1914–18)	Thematic Study & Historic Environment	30% of GCSE	1 hr 15 mins 52 marks (incl. 4 SPaG)	Year 11
Paper 2 (1H10/26): Conflict in the Middle East (1945–1995)	Period Study	20% of GCSE	50 mins 32 marks	Year 10
Paper 2 (1H10/26): Early Elizabethan England (1558–1588)	British Depth Study	20% of GCSE	55 mins 32 marks	Year 11
Paper 3 (1H10/31): Weimar and Nazi Germany (1918–1939)	Modern Depth Study	30% of GCSE	1 hr 20 mins 52 marks (incl. 4 SPaG)	Year 10

Assessment Objectives (AOs)

- AO1 (35%):** Demonstrate knowledge and understanding of key features.
- AO2 (35%):** Explain and analyse events, causes, consequences, and change.
- AO3 (15%):** Analyse, evaluate, and use contemporary sources.
- AO4 (15%):** Analyse and evaluate historical interpretations in context.

Standardized Question Frameworks

- 4-mark Consequence:** PEE structure (immediate & long-term).
- 8-mark Narrative:** 3-phase chronological causal flowchart.
- 8-mark Importance:** Analytical criteria for historical impact.
- 2+2 Features:** Concisely identifying and developing features.
- 8-mark Utility:** Evaluating content and provenance (Author/Audience/Motive).
- 16+4 Judgement Essays:** Evaluative criteria with sustained balance.

Mastery Methodology: GCSE pupils utilize printed Edexcel Mastery Booklets featuring 3-tier models, formula stamps, and walking-talking mock rehearsals, ensuring complete familiarity with mark schemes and timing constraints prior to the final examinations.

Paper 1: Medicine Through Time with the Western Front

Year 11 | How has medicine changed from c1250 to the modern day?

Lesson Number & Title	Learning Objectives & Enquiry	Curriculum Rigour: Evidence, Debate & Assessment
Lesson 1 KT1.1: Supernatural & Religious Explanations of Disease (c1250–c1500)	<i>Historical Enquiry</i>	 PRIMARY EVIDENCE & SOURCE ANALYSIS: Source A: The Doom Painting of St Thomas's Church, Salisbury (c.1475); Source B: The 'Zodiac Man' (Homo Signorum, c.1380)  DISCIPLINARY DEBATE / HISTORIAN FOCUS: Core Disciplinary Concept: Historical Enquiry & Causal Argumentation  CORE WRITTEN ASSESSMENT: [Written Synthesis] Complete structured analytical enquiry response in pupil workbook.

Lesson Number & Title	Learning Objectives & Enquiry	Curriculum Rigour: Evidence, Debate & Assessment
Lesson 2 KT1.2: Rational Explanations: Hippocrates, Galen & The Four Humours (c1250–c1500)	Historical Enquiry	 PRIMARY EVIDENCE & SOURCE ANALYSIS: Source A: The Four Humours Wheel (Tacuinum Sanitatis, 14th c.); Source B: Physician Inspecting Urine Flask (Fasciculus Medicinae, 1491)  DISCIPLINARY DEBATE / HISTORIAN FOCUS: Core Disciplinary Concept: Historical Enquiry & Causal Argumentation  CORE WRITTEN ASSESSMENT: [Written Synthesis] Complete structured analytical enquiry response in pupil workbook.
Lesson 3 KT1.3: Approaches to Prevention & Treatment: Rituals, Bleeding & Purging (c1250–c1500)	Historical Enquiry	 PRIMARY EVIDENCE & SOURCE ANALYSIS: Source A: Phlebotomy / Bloodletting Manuscript (MS Sloane 1977, c.1300); Source B: Portrait of Claudius Galen (Engraving)  DISCIPLINARY DEBATE / HISTORIAN FOCUS: Core Disciplinary Concept: Historical Enquiry & Causal Argumentation  CORE WRITTEN ASSESSMENT: [Written Synthesis] Complete structured analytical enquiry response in pupil workbook.
Lesson 4 KT1.4: Medical Care Providers & Monastic Hospitals: 'Care Not Cure' (c1250–c1500)	Historical Enquiry	 PRIMARY EVIDENCE & SOURCE ANALYSIS: Source A: Medieval Surgeon Suturing a Head Wound (14th c.); Source B: Hôtel-Dieu Hospital Ward (Livre de Vie Active, c.1482)  DISCIPLINARY DEBATE / HISTORIAN FOCUS: Core Disciplinary Concept: Historical Enquiry & Causal Argumentation  CORE WRITTEN ASSESSMENT: [Written Synthesis] Complete structured analytical enquiry response in pupil workbook.
Lesson 5 KT1.5: Case Study: Dealing with the Black Death (1348–1349)	Historical Enquiry	 PRIMARY EVIDENCE & SOURCE ANALYSIS: Source A: Citizens of Tournai Burying Plague Victims (1349); Source B: Plague Victim with Groin and Armpit Buboes (1497)  DISCIPLINARY DEBATE / HISTORIAN FOCUS: Core Disciplinary Concept: Historical Enquiry & Causal Argumentation  CORE WRITTEN ASSESSMENT: [Written Synthesis] Complete structured analytical enquiry response in pupil workbook.
Lesson 6 KT2.1: The New Spirit of Enquiry: Humanism, The Printing Press & The Royal Society (c1500–c1700)	- Explain how Gutenberg's printing press transformed the communication of medical ideas across Europe. - Assess how the Royal Society and its journal Philosophical Transactions established the empirical scientific method. - Analyze the Renaissance Paradox: why revolutionary scientific communication did not lead to new cures or changing public beliefs about disease causes.	 PRIMARY EVIDENCE & SOURCE ANALYSIS: Source A: Renaissance Printing House with Movable Type (16th c.); Source B: Title Page of Philosophical Transactions, Vol. I (1665–1666); Source C: Robert Hooke's Engraving of a Flea from Micrographia (1665)  DISCIPLINARY DEBATE / HISTORIAN FOCUS: Core Disciplinary Concept: Historical Enquiry & Causal Argumentation  CORE WRITTEN ASSESSMENT: [Written Synthesis] Complete structured analytical enquiry response in pupil workbook.

Lesson Number & Title	Learning Objectives & Enquiry	Curriculum Rigour: Evidence, Debate & Assessment
Lesson 7 KT2.2: Thomas Sydenham & The Art of Bedside Observation (1676)	- Explain Sydenham's revolutionary emphasis on direct bedside clinical observation. - Analyze how Sydenham classified diseases into distinct species in <i>Observationes Medicae</i> (1676). - Evaluate the limits of Sydenham's practice: rational treatments alongside traditional humoral remedies.	 PRIMARY EVIDENCE & SOURCE ANALYSIS: Source A: Portrait of Thomas Sydenham by Mary Beale (c1688); Source B: The Quack Physician by Jan Steen (1660s); Source C: Renaissance Municipal Hospital Ward  DISCIPLINARY DEBATE / HISTORIAN FOCUS: Evaluate the limits of Sydenham's practice: rational treatments alongside traditional humoral remedies.  CORE WRITTEN ASSESSMENT: [Written Synthesis] Complete structured analytical enquiry response in pupil workbook.
Lesson 8 KT2.3: Andreas Vesalius & The Anatomical Revolution (1543)	- Explain how Vesalius's hands-on dissection method overthrew medieval university traditions. - Analyze how Vesalius identified and corrected over 300 of Galen's anatomical errors. - Evaluate the impact of <i>De Humani Corporis Fabrica</i> (1543) and its critical limitations on medical treatment.	 PRIMARY EVIDENCE & SOURCE ANALYSIS: Source A: Frontispiece of <i>De Humani Corporis Fabrica</i> (1543); Source B: Vesalius Muscle Men Plate (1543); Source C: Traditional Phlebotomy Man Diagram  DISCIPLINARY DEBATE / HISTORIAN FOCUS: Evaluate the impact of <i>De Humani Corporis Fabrica</i> (1543) and its critical limitations on medical treatment.  CORE WRITTEN ASSESSMENT: [Written Synthesis] Complete structured analytical enquiry response in pupil workbook.
Lesson 9 KT2.4: William Harvey & The Circulation of the Blood (1628)	- Explain how Harvey proved the heart acts as a mechanical pump driving closed blood circulation. - Analyze how Harvey used mathematical calculation to disprove Galen's liver theory. - Assess why Harvey met fierce resistance and why circulation had zero immediate impact on medical cures.	 PRIMARY EVIDENCE & SOURCE ANALYSIS: Source A: Vein Valve Experiments from <i>De Motu Cordis</i> (1628)  DISCIPLINARY DEBATE / HISTORIAN FOCUS: Core Disciplinary Concept: Historical Enquiry & Causal Argumentation  CORE WRITTEN ASSESSMENT: [Written Synthesis] Complete structured analytical enquiry response in pupil workbook.
Lesson 10 KT2.5: Continuity in Treatment & The Great Plague of London (1665)	- Analyze the organized civic and municipal public health response to the 1665 Great Plague. - Explain the persistence of medieval medical theories and ineffective treatments in 1665. - Evaluate the historiographical debate: Did 1665 show more change or continuity compared to 1348?	 PRIMARY EVIDENCE & SOURCE ANALYSIS: Source A: Night Burial in a Mass Plague Pit (1665); Source B: 17th-Century Plague Doctor (Schnabel von Rom)  DISCIPLINARY DEBATE / HISTORIAN FOCUS: Evaluate the historiographical debate: Did 1665 show more change or continuity compared to 1348?  CORE WRITTEN ASSESSMENT: [Written Synthesis] Complete structured analytical enquiry response in pupil workbook.
Lesson 11 KT3.1: Ideas on Causes: Pasteur's Germ Theory & Koch's Microbe Hunters (c.1861–c.1883)	- Explain how Pasteur disproved Spontaneous Generation using swan-neck flasks. - Detail Koch's laboratory innovations: agar jelly, aniline staining, and microphotography. - Assess why British acceptance of Germ Theory took over two decades to achieve.	 PRIMARY EVIDENCE & SOURCE ANALYSIS: Source A: Louis Pasteur in his Laboratory (1885) by Albert Edelfelt; Source B: Robert Koch's Microphotographs of Tuberculosis (1882)  DISCIPLINARY DEBATE / HISTORIAN FOCUS: Evaluate the Diagnostic-Therapeutic Lag: why understanding causes did not immediately produce cures.  CORE WRITTEN ASSESSMENT: [Written Synthesis] Complete structured analytical enquiry response in pupil workbook.

Lesson Number & Title	Learning Objectives & Enquiry	Curriculum Rigour: Evidence, Debate & Assessment
Lesson 12 KT3.2: Approaches to Prevention: Edward Jenner & The Smallpox Vaccine (1796–1853)	- Explain the difference between dangerous smallpox inoculation and Jenner's cowpox vaccination. - Analyze the religious, commercial, and scientific reasons for opposition to Jenner's vaccine. - Evaluate why the 1852 Compulsory Act marked a major turning point in state disease prevention.	 PRIMARY EVIDENCE & SOURCE ANALYSIS: Source A: Portrait of Dr Edward Jenner (1802) by James Northcote RA; Source B: James Gillray: The Cow-Pock or the Wonderful Effects of the New Inoculation! (1802)  DISCIPLINARY DEBATE / HISTORIAN FOCUS: Core Disciplinary Concept: Historical Enquiry & Causal Argumentation  CORE WRITTEN ASSESSMENT: [Written Synthesis] Complete structured analytical enquiry response in pupil workbook.
Lesson 13 KT3.3: Improvements in Hospital Care: Florence Nightingale, Mary Seacole & The Sanitary Revolution (1854–1863)	- Detail the conditions at Scutari and how Nightingale and the Sanitary Commission reduced mortality. - Explain the principles of the Pavilion hospital design and how it reduced cross-infection. - Evaluate how the Nightingale School transformed nursing from menial work into a respected profession.	 PRIMARY EVIDENCE & SOURCE ANALYSIS: Source A: Studio Portrait of Mary Seacole wearing Crimean Campaign Medals (c.1873); Source B: Florence Nightingale's 'Coxcomb' Mortality Diagram (1858)  DISCIPLINARY DEBATE / HISTORIAN FOCUS: Evaluate the long-term impact of the Pavilion hospital design and the St Thomas' Training School.  CORE WRITTEN ASSESSMENT: [Written Synthesis] Complete structured analytical enquiry response in pupil workbook.
Lesson 14 KT3.4: The Surgical Revolution: Simpson, Lister & The Conquest of Pain and Sepsis (1847–1870s)	- Explain how James Simpson discovered chloroform and why it provoked opposition. - Analyze the "Black Period" of surgery and why anaesthetics initially increased infection deaths. - Detail Lister's antiseptic carbolic system and the transition to aseptic operating theatres.	 PRIMARY EVIDENCE & SOURCE ANALYSIS: Source A: James Young Simpson and Colleagues Discovering Chloroform (1847); Source B: Joseph Lister Operating with the Carbolic Acid Spray (1882)  DISCIPLINARY DEBATE / HISTORIAN FOCUS: Core Disciplinary Concept: Historical Enquiry & Causal Argumentation  CORE WRITTEN ASSESSMENT: [Written Synthesis] Complete structured analytical enquiry response in pupil workbook.
Lesson 15 KT3.5: Public Health & Cholera: John Snow, The Broad Street Pump & The 1875 Public Health Act (1854–1875)	- Explain how John Snow proved cholera was water-borne using his 1854 Soho spot map. - Analyze how the Great Stink of 1858 forced Parliament to fund Bazalgette's London sewers. - Contrast the permissive 1848 Public Health Act with the compulsory 1875 Public Health Act.	 PRIMARY EVIDENCE & SOURCE ANALYSIS: Source A: A Court for King Cholera (Punch, September 1852); Source B: Dr John Snow's Spot Map of the Broad Street Cholera Outbreak (1854); Source C: Joseph Bazalgette's London Main Drainage Sewer Works (1860s)  DISCIPLINARY DEBATE / HISTORIAN FOCUS: Evaluate the difference between the 1848 Public Health Act and the compulsory 1875 Public Health Act.  CORE WRITTEN ASSESSMENT: [Written Synthesis] Complete structured analytical enquiry response in pupil workbook.
Lesson 16 KT4.1: Ideas on Causes: Genetics, DNA & The Human Genome Project (c.1953–present)	- Explain how Mendel's inheritance theory and chromosomes established the search for the chemical gene. - Analyze the contribution of Franklin, Wilkins, Watson, and Crick to the 1953 double helix breakthrough. - Evaluate how the Human Genome Project transformed disease diagnosis and modern personalized medicine.	 PRIMARY EVIDENCE & SOURCE ANALYSIS: Source A: Rosalind Franklin's Photograph 51 (May 1952); Source B: Watson and Crick's 1953 Double Helix Model  DISCIPLINARY DEBATE / HISTORIAN FOCUS: Evaluate the diagnostic and therapeutic impact of the Human Genome Project (1990–2003).  CORE WRITTEN ASSESSMENT: [Written Synthesis] Complete structured analytical enquiry response in pupil workbook.

Lesson Number & Title	Learning Objectives & Enquiry	Curriculum Rigour: Evidence, Debate & Assessment
Lesson 17 KT4.2: Lifestyle Factors & The Technological Revolution in Diagnosis (c.1900–present)	- Explain how the epidemiological transition replaced infectious plagues with chronic lifestyle illnesses. - Analyze the evolution of medical imaging from Röntgen's X-rays to CT scanning and MRI. - Evaluate how modern non-invasive diagnostic tools transformed clinical decision-making and patient survival.	 PRIMARY EVIDENCE & SOURCE ANALYSIS: Source A: The First Clinical X-Ray: Bertha Röntgen's Hand (1895); Source B: Godfrey Hounsfield's Prototype EMI CT Scanner (1971)  DISCIPLINARY DEBATE / HISTORIAN FOCUS: Evaluate how non-invasive diagnostic tools eliminated exploratory surgery and changed clinical practice.  CORE WRITTEN ASSESSMENT: [Written Synthesis] Complete structured analytical enquiry response in pupil workbook.
Lesson 18 KT4.3: The Search for Magic Bullets, High-Tech Treatments & The Birth of the NHS (1909–1948)	- Explain Paul Ehrlich and Sahachiro Hata's development of Salvarsan 606 as the first synthetic magic bullet. - Analyze how Gerhard Domagk's Prontosil established sulfonamides in treating blood poisoning. - Evaluate how William Beveridge and Aneurin Bevan overcame resistance to establish the NHS in 1948.	 PRIMARY EVIDENCE & SOURCE ANALYSIS: Source A: Paul Ehrlich and Sahachiro Hata in their Frankfurt Laboratory (1909); Source B: 1948 Ministry of Health NHS Information Leaflet; Source A: Archival Photograph: Paul Ehrlich in his Frankfurt Laboratory Developing Salvarsan 606 (1909)  DISCIPLINARY DEBATE / HISTORIAN FOCUS: Evaluate the social and political struggle to establish the NHS on 5 July 1948.  CORE WRITTEN ASSESSMENT: [Written Synthesis] Complete structured analytical enquiry response in pupil workbook.
Lesson 19 KT4.4: Case Study 1: The Antibiotic Revolution: Fleming, Florey & Chain and Penicillin (1928–1945)	- Explain how Alexander Fleming discovered Penicillium notatum in 1928 and why his research stalled. - Analyze how the Oxford team (Florey, Chain, and Heatley) purified penicillin and conducted clinical trials. - Evaluate how World War II military funding and American deep-tank fermentation enabled mass production by 1944.	 PRIMARY EVIDENCE & SOURCE ANALYSIS: Source A: Alexander Fleming's Original 1928 Penicillin Culture Plate; Source B: Industrial Penicillin Fermentation and Culture Racks (1944); Source A: Archival Photograph: Sir Alexander Fleming in his Laboratory at St Mary's Hospital (c.1943)  DISCIPLINARY DEBATE / HISTORIAN FOCUS: Evaluate the role of World War II and US mass production in transforming penicillin into a globally available drug.  CORE WRITTEN ASSESSMENT: [Written Synthesis] Complete structured analytical enquiry response in pupil workbook.
Lesson 20 KT4.5: Case Study 2: Public Health & The Fight Against Lung Cancer (c.1950–present)	- Explain how Doll and Hill proved the causal link between cigarette smoking and lung cancer in 1950. - Analyze the diagnosis and treatment of lung cancer using CT scanning, robotic surgery, and immunotherapy. - Evaluate how government public health intervention (bans, taxes, plain packaging) dismantled modern laissez-faire.	 PRIMARY EVIDENCE & SOURCE ANALYSIS: Source A: 1949 Vintage Cigarette Advertisement Featuring a Doctor; Source B: Modern Cigarette Packet with Mandatory Government Health Warning  DISCIPLINARY DEBATE / HISTORIAN FOCUS: Evaluate the role of government intervention in combating lung cancer compared to clinical cures.  CORE WRITTEN ASSESSMENT: [Written Synthesis] Complete structured analytical enquiry response in pupil workbook.
Lesson 21 KT5.1: The Theatre of War: The British Sector, Trench Geography & Battles (1914–1918)	- Explain the defensive layout of the trench system and why static warfare developed in autumn 1914. - Describe the strategic vulnerability and medical difficulties of fighting in the Ypres Salient. - Evaluate the medical and logistical challenges posed by the major battles of the Somme, Arras, and Cambrai.	 PRIMARY EVIDENCE & SOURCE ANALYSIS: Source A: Aerial Reconnaissance Photograph of British Trench System near Ypres (1917); Source B: Photograph of a Flooded Communication Trench in the Ypres Salient (1917)  DISCIPLINARY DEBATE / HISTORIAN FOCUS: Core Disciplinary Concept: Historical Enquiry & Causal Argumentation  CORE WRITTEN ASSESSMENT: [Written Synthesis] Complete structured analytical enquiry response in pupil workbook.

Lesson Number & Title	Learning Objectives & Enquiry	Curriculum Rigour: Evidence, Debate & Assessment
Lesson 22 KT5.2: The Trench Environment: Mud, Vermin & Non-Combat Illnesses (1914–1918)	- Explain the causes, symptoms, and preventive measures enforced against trench foot. - Describe the symptoms and transmission of trench fever by body lice. - Evaluate the importance of latrine sanitation, water chlorination, and underground dressing stations.	 PRIMARY EVIDENCE & SOURCE ANALYSIS: Source A: Soldiers of the Cheshire Regiment Greasing Feet in a Reserve Trench (1916); Source B: Photograph of the Ramparts Underground Medical Dressing Station, Ypres (c.1916)  DISCIPLINARY DEBATE / HISTORIAN FOCUS: Evaluate the role of underground dressing stations and sanitation measures.  CORE WRITTEN ASSESSMENT: [Written Synthesis] Complete structured analytical enquiry response in pupil workbook.
Lesson 23 KT5.3: Battlefield Trauma: High Explosive Shrapnel, Gas Attacks & Infection (1914–1918)	- Describe the nature of wounds caused by high-explosive artillery shells and jagged shrapnel. - Explain why soil bacteria caused gas gangrene and tetanus, and how tetanus antitoxin saved lives. - Compare the effects of chlorine, phosgene, and mustard gas, and evaluate the development of protective gas helmets.	 PRIMARY EVIDENCE & SOURCE ANALYSIS: Source A: Clinical Medical Record Photograph of Severe Gangrene in Lower Limb (c.1916); Source B: British Army Phenate-Hexamine (PH) Anti-Gas Helmet (1915–1916)  DISCIPLINARY DEBATE / HISTORIAN FOCUS: Evaluate the physical effects and tactical evolution of chemical weapons and gas masks.  CORE WRITTEN ASSESSMENT: [Written Synthesis] Complete structured analytical enquiry response in pupil workbook.
Lesson 24 KT5.4: The Chain of Evacuation: Stretcher Bearers, RAP, Dressing Stations & CCS (1914–1918)	- Detail the order and purpose of each station in the Chain of Evacuation. - Explain the role of stretcher bearers and the physical obstacles they faced under fire. - Evaluate the importance of triage at Casualty Clearing Stations and compare evacuation transport methods.	 PRIMARY EVIDENCE & SOURCE ANALYSIS: Source A: RAMC Stretcher Bearers Carrying a Casualty at Passchendaele (1917); Source B: Converted RAMC Ambulance Canal Barge on French Waterways (c.1916)  DISCIPLINARY DEBATE / HISTORIAN FOCUS: Evaluate the role of transport methods and Casualty Clearing Stations in saving lives.  CORE WRITTEN ASSESSMENT: [Written Synthesis] Complete structured analytical enquiry response in pupil workbook.
Lesson 25 KT5.5: Surgical Breakthroughs: The Thomas Splint, Wound Debridement & Mobile X-Rays (1914–1918)	- Explain how the Thomas Splint transformed survival rates for compound fractures from 20% to 80%. - Describe the surgical technique of wound debridement and the chemical action of the Carrel-Dakin method. - Evaluate how mobile X-ray technology improved the precision and speed of frontline surgery.	 PRIMARY EVIDENCE & SOURCE ANALYSIS: Source A: Photograph of the Thomas Splint Applied to a Wounded British Soldier (c.1916); Source B: Photograph of an Operating Theatre at an RAMC Casualty Clearing Station (1917)  DISCIPLINARY DEBATE / HISTORIAN FOCUS: Evaluate the role of mobile X-ray units in locating shrapnel and guiding surgical operations.  CORE WRITTEN ASSESSMENT: [Written Synthesis] Complete structured analytical enquiry response in pupil workbook.
Lesson 26 KT5.6: Lifesaving Innovations: Blood Storage, Brain Surgery & Plastic Reconstruction (1914–1918)	- Explain how sodium citrate, glucose, and Oswald Robertson enabled the world's first blood bank at Cambrai (1917). - Describe the surgical innovations of Harvey Cushing in treating penetrating brain wounds. - Evaluate the pioneering reconstructive plastic surgery developed by Harold Gillies at Queen's Hospital, Sidcup.	 PRIMARY EVIDENCE & SOURCE ANALYSIS: Source A: Captain Oswald Robertson's Blood Storage and Transfusion Apparatus at Cambrai (1917); Source B: Photograph of a Mobile Field Hospital X-Ray Unit in Operation (1917)  DISCIPLINARY DEBATE / HISTORIAN FOCUS: Core Disciplinary Concept: Historical Enquiry & Causal Argumentation  CORE WRITTEN ASSESSMENT: [Written Synthesis] Complete structured analytical enquiry response in pupil workbook.

Paper 2: Early Elizabethan England, 1558–88

Lesson Number & Title	Learning Objectives & Enquiry	Curriculum Rigour: Evidence, Debate & Assessment
Lesson 1 KT1.1: The situation on Elizabeth's accession, 1558	<i>Historical Enquiry</i>	 PRIMARY EVIDENCE & SOURCE ANALYSIS: Source A: The Religious Divide  DISCIPLINARY DEBATE / HISTORIAN FOCUS: Evaluate the interconnected domestic and foreign threats facing England in 1558, specifically severe financial weaknesses, the loss of Calais, and the dangerous 'Auld Alliance' between France and Scotland.  CORE WRITTEN ASSESSMENT: Describe one feature of Elizabethan society in 1558. • Describe one feature of Elizabethan government in 1558. • Describe one feature of the financial weaknesses Elizabeth faced upon her ...
Lesson 2 KT1.2: The 'settlement' of religion, 1559	<i>Historical Enquiry</i>	 PRIMARY EVIDENCE & SOURCE ANALYSIS: Source A: The Act of Supremacy  DISCIPLINARY DEBATE / HISTORIAN FOCUS: Evaluate the nature and extent of the Puritan and Catholic challenges to the religious settlement, including the role of the nobility, the Papacy, and foreign powers.  CORE WRITTEN ASSESSMENT: Describe one feature of the Act of Supremacy (1559). • Describe one feature of the Act of Uniformity (1559). • Describe one feature of the role of the Church of England in society. • Desc...
Lesson 3 KT1.3: Challenge to the religious settlement	<i>Historical Enquiry</i>	 PRIMARY EVIDENCE & SOURCE ANALYSIS: Source A: Papal Bull  DISCIPLINARY DEBATE / HISTORIAN FOCUS: Understand the nature and extent of the Puritan challenge, focusing on their theological objections, the Crucifix Controversy, and the Vestment Controversy.  CORE WRITTEN ASSESSMENT: Describe one feature of the Puritan challenge to the Religious Settlement. • Describe one feature of the Catholic challenge to the Religious Settlement. • Describe one feature of recusanc...
Lesson 4 KT1.4: The problem of Mary, Queen of Scots	<i>Historical Enquiry</i>	 PRIMARY EVIDENCE & SOURCE ANALYSIS: Source A: Mary Queen of Scots  DISCIPLINARY DEBATE / HISTORIAN FOCUS: Core Disciplinary Concept: Historical Enquiry & Causal Argumentation  CORE WRITTEN ASSESSMENT: Describe one feature of Mary, Queen of Scots' claim to the English throne. • Describe one feature of the relations between Elizabeth and Mary, Queen of Scots, in the years 1568–69. • Expl...
Lesson 5 KT2.1: Plots and revolts at home	- Describe what happened during the Revolt of the Northern Earls. - List the main Catholic plots against Elizabeth. - Explain how Walsingham used spies to catch plotters.	 PRIMARY EVIDENCE & SOURCE ANALYSIS: Source A: The Northern Earls  DISCIPLINARY DEBATE / HISTORIAN FOCUS: Evaluate the methods used by Sir Francis Walsingham and his use of spies to uncover treason.  CORE WRITTEN ASSESSMENT: Describe one feature of the Revolt of the Northern Earls, 1569–70. • Describe one feature of the Ridolfi plot. • Describe one feature of the Throckmorton plot. • Describe one feature of t...

Lesson Number & Title	Learning Objectives & Enquiry	Curriculum Rigour: Evidence, Debate & Assessment
Lesson 6 KT2.2: Relations with Spain	<i>Historical Enquiry</i>	 PRIMARY EVIDENCE & SOURCE ANALYSIS: Source A: Philip II of Spain  DISCIPLINARY DEBATE / HISTORIAN FOCUS: Evaluate the reasons for the Armada's catastrophic failure, weighing English tactics against Spanish mistakes and the weather.  CORE WRITTEN ASSESSMENT: Describe one feature of English privateering in the New World. • Describe one feature of the religious rivalry between England and Spain. • Describe one feature of Sir Francis Drake's act...
Lesson 7 KT2.3: Outbreak of war with Spain, 1585–88	- List the reasons why England and Spain became enemies. - Describe what Robert Dudley did in the Netherlands. - Explain how Francis Drake's raid on Cadiz helped England.	 PRIMARY EVIDENCE & SOURCE ANALYSIS: Source A: Francis Drake  DISCIPLINARY DEBATE / HISTORIAN FOCUS: Evaluate the strategic impact of Francis Drake's preemptive raid on Cadiz in 1587 ('Singeing the King of Spain's beard').  CORE WRITTEN ASSESSMENT: Describe one feature of English involvement in the Netherlands, 1585–88. • Describe one feature of Drake's raid on Cadiz in 1587. • Describe one feature of Robert Dudley's actions in the ...
Lesson 8 KT2.4: The Armada	- List the reasons why Philip II launched the Armada. - Describe the Spanish plan and why it went wrong. - Explain how the English defeated the Armada. - Describe what happened after the Armada was defeated.	 PRIMARY EVIDENCE & SOURCE ANALYSIS: Source A: The Spanish Armada  DISCIPLINARY DEBATE / HISTORIAN FOCUS: Evaluate the intersecting reasons for the English victory, weighing English tactics against Spanish mistakes and the weather.  CORE WRITTEN ASSESSMENT: Describe one feature of the Spanish invasion plans for the Armada. • Describe one feature of English tactics used to defeat the Spanish Armada. • Describe one feature of the Battle of Gra...
Lesson 9 KT3.1: Education and leisure	- Describe the different types of schools in Elizabethan England. - List some sports played by the nobility and the lower classes. - Explain why the theatre was popular and why some people hated it.	 PRIMARY EVIDENCE & SOURCE ANALYSIS: Source A: Elizabethan Theatre  DISCIPLINARY DEBATE / HISTORIAN FOCUS: Evaluate the reasons for the sudden explosion of the Elizabethan theatre and why it provoked such fierce opposition from Puritans and city authorities.  CORE WRITTEN ASSESSMENT: Describe one feature of education in Elizabethan Grammar Schools. • Describe one feature of Elizabethan Petty Schools. • Describe one feature of the Elizabethan theatre. • Describe one fe...
Lesson 10 KT3.2: The Problem of Poverty	- List the main reasons why poverty increased. - Describe the difference between the 'deserving' and 'undeserving' poor. - Explain why people were so afraid of vagabonds. - Describe the difference between the 1572 and 1576 Poor Laws.	 PRIMARY EVIDENCE & SOURCE ANALYSIS: Source A: The Poor Law  DISCIPLINARY DEBATE / HISTORIAN FOCUS: Evaluate the significance of Elizabeth's changing policies, specifically the 1572 Vagabonds Act and the 1576 Poor Relief Act.  CORE WRITTEN ASSESSMENT: Describe one feature of the 1572 Vagabonds Act. • Describe one feature of the 1576 Poor Relief Act. • Describe one feature of the Houses of Correction. • Explain why there was an increase...

Lesson Number & Title	Learning Objectives & Enquiry	Curriculum Rigour: Evidence, Debate & Assessment
Lesson 11 KT3.3: Exploration and voyages of discovery	- List the reasons why Elizabethan sailors started exploring the world. - Describe Francis Drake's circumnavigation and why it angered Spain. - Explain why Walter Raleigh wanted to start a colony in America. - Describe the reasons why the Virginia colony completely failed.	 PRIMARY EVIDENCE & SOURCE ANALYSIS: Source A: The Golden Hind  DISCIPLINARY DEBATE / HISTORIAN FOCUS: Evaluate the intersecting reasons for the catastrophic failure of the Virginia colonies, weighing poor planning against Native American resistance and the Spanish war.  CORE WRITTEN ASSESSMENT: Describe one feature of Francis Drake's circumnavigation of the globe. • Describe one feature of the impact of new technology on Elizabethan exploration. • Explain why exploration by the ...
Lesson 12 KT3.4: Raleigh and Virginia	- Explain what Walter Raleigh did to organise the Virginia expeditions. - List the reasons why England wanted a colony in America. - Describe the problems faced by the 1585 and 1587 colonies.	 PRIMARY EVIDENCE & SOURCE ANALYSIS: Source A: Roanoke Colony  DISCIPLINARY DEBATE / HISTORIAN FOCUS: Evaluate the intersecting reasons for the catastrophic failure of the 1585 and 1587 expeditions, weighing poor planning against Native American resistance and the Spanish Armada.  CORE WRITTEN ASSESSMENT: Describe one feature of the failure of the first Virginia colony. • Describe one feature of Sir Walter Raleigh's role in the attempted colonisation of Virginia. • Explain why the first co...
